The Great Demonstration.

The great patriotic victory was celebrated by the republicans of Janesville and vicinity, last evening. Upon twelve hours' notice the largest assemblage of people which ever came together in Lappin's Hall, met at about seven o'clock, to testify their joy at the glorious result of the election. This large hall, capable of holding fifteen hundred people, was filled to its utmost capacity, and hundreds went away who could find no place to stand, much less to sit down. There was a large number of ladies present, who came to unite their sympathies with their husbands, fathers and brothers, in honoring the greatest event in our time. We were glad to see them, as their presence has been, from all time, appropriate in celebrating the victories obtained over tyranny and wrong. "Peace hath her victories, as well as war," and why should not the presence of woman add lustre to the triumph of principle, in a peaceful battle at the ballot box, as well as those obtained upon a bloody field?

The interior of the hall presented a brilliant and animated sight, previous to the commencement of the exercises; the main body of the room, the galleries, and the stage, were all closely packed with human beings, overflowing with enthusiasm, and ready with cheers, at every point made by the speakers.

John J. H. Pease, Esq., presided upon the occasion, and the meeting was addressed by Messrs. Joseph A. Sleeper, A. G. Bates, C. G. Williams, J. B. Casaday, Alex. Graham, W. Merrill, H. N. Comstock, John R. Bennett, H. A. Patterson and J. M. Burgess.

These speeches were short, sharp, witty, humorous and good—just such as the occasion inspired—and were interrupted, continually, by the spontaneous and "irrepressible" cheers of a slightly excited audience.

In the interval between the various speeches, our glorious Wide Awake Glee Club, assisted in the choruses by the audience, made the hall ring with joy inspiring music. The Janesville Brass Band, also, at times, gave us some of their grand martial airs.

The Wide Awake band of our city, gave the audience a specimen of the martial music to which our Wide Awakes have been accustomed to march during the campaign. It would not be difficult for republicans (and even democrats) to keep step to such music.

Young Master Reed, a lad about ten years old, got upon a chair, on the stage, and exhibited rare skill upon the snare drum, for so young a boy. The audience was well pleased with his effort, and loudly cheered him.

It will, of course, be impossible to give upon paper, in our brief notice, a description of the scenes of enthusiasm which occurred, as the speeches and music transpired. That would be impossible. Suffice it to say that all who saw, and were a part of that scene, will long recollect it as a bright spot in their memories.

During the evening a delegation from Beloit appeared in the hall, who came up to unite with us in our celebration. S. J. Todd, Esq., being called for, came forward and briefly addressed the audience, giving the result of the labors of the republicans of Beloit. Three rousing cheers were given for Beloit, and three for the delegation. The celebrated song of

Dog, Dog is a used up bug, which has been so successfully sung during the campaign, and to which verses have been appended, ad libitum, as occasion required, by Jim Burgess and Joe Sleeper, was the closing musical performance of the evening. It took the house down. It cannot be described, and as a scene of comicality and fun, if photographed as the audience and actors appeared, would make the fortune of any artist, or even Punch himself.

The meeting closed with three hearty cheers each for Fulton, Union, Rock county, and for the state of Wisconsin.

THE OUTDOOR SCENE.

The illuminations of private residences and places of business were quite numerous and imposing. We should be well pleased to give the names of all who thus testified their joy upon the occasion, but, inasmuch as it would occupy quite a large space in our paper, and as it would be impossible to get a complete list, and therefore injustice might be done to some, we shall not attempt it.

Besides the illuminations there was a grand display of fireworks; and a bonfire was kindled on court house hill, which we doubt not was seen in every town in the county. The afternoon was spent by several teams in hauling shavings from the barrel factory, and when the materials were fairly on fire, the whole city was a blaze of light. This was a working men's bonfire, and was built by the foundry and barrel factory boys.

The Wide Awakes from abroad did not come, as the notice was too short, but we received assurances from Madison that the splendid company of that city would gladly have united with us, had time permitted; and we presume the same was the case with the Milton Wide Awakes.

The torch light procession by our Wide Awake company, was a spirited and brilliant affair. The boys marched all over the city, cheering their friends and being cheered in return. They gave the Gazette office three cheers for which they have our thanks; and when we went home they were still continuing their irrepressible march, and we don't know, but in their enthusiasm, they kept it up all night. It is a very hard for them to stop when they celebrate the election of Old Abe.

R. Brand & Co., cabinet makers, prepared and placed in front of their shop, a trans-

parency which attracted a good deal of attention. On one side was painted, "Protection to Home Industry." On another, "Old Abe, the People's Cabinet Maker." Brand and Co. employ 9 voters, and every one voted the republican ticket, as well as the members of the firm.

There was a large party who danced at the Young America Hall, but we did not attend. We presume they had a good time. In the fact, the republicans all feel good, and cannot help their rejoicings, whether in speech, song or dance.

The whole celebration terminated happy and well, without accident; and those who participated in it continued to feel well to-day, and we presume they will for some time to come.

Latest Returns.

Walworth county gives Lincoln 2315 and Potter 2373 majority.

Ozaukee gives Larrabee 1150 majority. The victory in Manitowoc gives us a gain of one senator and two assemblymen. Sheboygan also makes a gain of a senator.

THE CRISIS IN ITALIAN AFFAIRS.—The recent demonstration of Count Cavour in the Sardinian parliament is quite as important as Garibaldi's victory on the Volturno, in deciding the course of events in Italy.

The latter determines the complete overthrow of Bonaparte's power in Naples; the former decides the Sardinian policy to be the deliverance of all Italy, and thus provokes Austria to the defense of her Venetian dominions, and compels Napoleon to decide whether he will forcibly sustain or resist the work he himself commenced in Italy.

The Cavour demonstration in fact brings another crisis in Italian affairs, and the most important, perhaps, yet encountered. Cavour is reported as saying in substance to the parliament at Turin, after alluding to the difference between Garibaldi and himself, and denying that any further cessation of Italian territory is contemplated:—

"An attack against Rome with Venice has also been spoken of. We desire that the Eternal City should become the capital of Italy. But, as regards the means to that end, we shall be able to say in what condition we should be six months hence. The revolution in Rome will be accomplished by the conviction that liberty is favorable to religion. Respecting Venice, Europe does not wish that we should make war upon Austria. We must take into consideration the opinion of the great powers. We must bring about a change in this opinion. Europe believes us incapable of delivering Venice alone. Let us show ourselves united and that opinion will change. It is untrue that the Venetians are peacefully submitting to their destiny. Austria has flattered them in vain. Public opinion will change not only in France and England, but Germany also, which is becoming liberal, will be in our favor."

This is understood as a virtual declaration that both Rome and Venice shall be delivered, and that Rome shall be the capital of United Italy. It merely defers action until the Sardinian power is consolidated and has gained the confidence of other governments. It postpones Garibaldi's schemes, but only for a little time. Austria understands this to mean war, and is preparing for it, and it is not unlikely that she may precipitate it by her own act, rather than wait till Sardinia is better prepared to take the initiative. Indeed, an Austrian army of forty thousand is already reported to have crossed the Po, below Mantua, with no conceivable object but to interfere in the Roman territory just annexed to Sardinia.

A Great Majority.

The counties comprising the four northern congressional districts in Illinois give the enormous republican majority of FORTY-ONE THOUSAND.

Washington's majority in the First Congressional District is 12,320, against his majority in 1858 of 9,354.

In the second district, Arnold's majority is 14,094, against Farnsworth's majority in 1858 of 8,609; showing a gain in the first district of 2,866, and in the second of 5,484.

These counties in these four districts are the places where the Chicago Herald and Times, and its echoes all over the west, made themselves hoarse before the election in proclaiming changes and gains for Douglas.

How do they and it like the verification of their assertions and predictions?

The morning after election the Democrat had heard from only one side of the river. Has the Democrat heard from the other side yet. Please show us the "paces" of your candidate.

A STAMPEDE OF NEGROES FROM SOUTH CAROLINA.—A law has recently been passed in South Carolina, requiring all freed colored persons to wear a badge of distinction. This many of the colored families living in Charleston deem an indignity, and some have left the state in consequence of it. They have come north, and it is stated that about eighty families have arrived in Philadelphia. Most of these have means which place them above poverty. They are generally mulattoes of various shades of lightness.

A Terrible Calamity.

From the Chicago Journal of Thursday.

The citizens and tradesmen in the vicinity of Clark and Wells street bridges were startled at a terrific report, this morning about nine o'clock, upon the north side of the river. The same instant, the air was choked with beams, timbers, splinters, cord wood and coal, which descended in a perfect shower. The report was found to have been caused by the explosion of the propeller Globe, Capt. Amos Pratt, lying at Hale's dock, between Clark and Wells street bridges.

The Globe left Buffalo one week ago this morning, with eight or nine passengers and a cargo of 6000 barrels of apples and a large quantity of staves and other hardware. She arrived at this port this morning at half past four. At the time of the accident, all of the passengers had left the boat. The engineers and firemen were in the engine room taking off a cylinder head. The steam had been blown off from one of the boilers and the fire put out. The other boiler had but little steam on, as they had just commenced getting it up to hoist freight. The second mate informs us that there were not more than ten pounds on at the time.

While thus engaged, the boiler exploded with terrific force, tearing the propeller into atoms, and scattering the house tops, streets, and the river with the splintered debris.—As soon as possible, a large gang of firemen under the supervision of Chief Engineer Harris, aided by citizens, commenced clearing away the wreck. The steamer Atlantic took her station on the dock to be in readiness in case of fire breaking out in the bulk, but her services were not required. The following were taken out dead from the ruins: Mary Ann Golden, a girl about fifteen years of age; James Hobbie, twenty-one years of age, and formerly a conductor on the State street horse railway. He was on board at the time looking for some apples which had been consigned to him.—Another body was taken out, but so terribly disfigured, that up to the time of going to press, it has not been identified.

Patrick Donohoe, who was walking along the west end of Wells street, near the bridge, was struck by a portion of the arch and instantly killed, his head being dashed to pieces.

He lived on West Harrison street, and leaves a large family.

Another body was found, upon the top of Hale's warehouse, but we have not ascertained his name. He was one of the deck hands.

The crew of the Globe numbered twenty-five in all, and it is supposed that the most of them were on board. Benjamin Wilson, First Engineer, Richard Forsythe, Second Engineer, and the four firemen are known to have been killed. How many of the balance of the crew are buried in the ruins it is impossible at present to estimate.

Peter Barlow, a drayman, was taken out of the ruins alive and removed to the Marine Hospital, but we are informed, died that noon. David Dunn, a drayman, was very badly injured by a falling beam. John Hayden, of Rochester, N. Y., was injured about the head, but will probably recover. Julien Hatch, living on Wells street, had his leg terribly cut below the knee. Michael Cusick was severely injured about the head, and lies in a precarious condition. O. H. Salisbury was blown into the river, but escaped with slight injuries. N. Luddington, lumber merchant, who was driving along Wells street in a buggy, was knocked out of it by a falling beam. He was badly injured upon the head and side, but will recover.

C. H. Burns, the clerk of the boat, was blown into the air some distance, fell upon the hurricane deck and escaped with some slight injuries upon the head and hip. Robert Stoddard, first mate, was badly injured, but will recover.—Charles Velder had his head severely cut and is in a dangerous condition. A German, name unknown, is lying at the Marine Hospital in a comatose condition. John Rolfe, of Buffalo, was cut about the head and face, but will recover. Several others escaped with injuries too slight to need particularizing.

The force of the shock was terrible. The long block of buildings abutting on the north side of the river was shaken as by an earthquake. The windows were all broken and ceilings destroyed. Several buildings on the west side of Wells street were cracked and otherwise damaged. The windows on the river side of the Board of Trade building were all broken and many also in Gilbert, Hubbard & Co.'s building on South Water street. The telegraph wires on Water street were snapped in several places, and roofs of buildings at a considerable distance from the wreck, were broken by falling beams. The long shed or warehouse on the north side of the river, reaching from Wells and Clark street bridge, was broken through in many places.

One of the fenders of the boat, weighing about two hundred pounds, was blown through the air, and hurled into the rear of Larrabee & North's dry goods store, over a block from the dock, in its course, striking a circular piece, a foot in diameter, from the centre of an iron boiler.

The Globe was an iron boat, owned by Dr. Helmes of Lockport, N. Y. She was valued at \$15,000 and insured for \$10,000.

LATER.

There are many conflicting rumors upon the street relative to the cause of this terrible disaster, but the true one, as near as we can ascertain from conversations with the captain and mate, is this: The engineer had received orders to get up steam on the donkey engine, to hoist out freight. The boiler was exceedingly hot, and but a trifling amount of steam on. The pumps were set at work, and the cold water pumped in at once caused the explosion.

The total number of the victims to this new calamity will probably reach fifteen.—The captain informs us that the two engineers, four firemen and three deck hands are missing, and undoubtedly lost. This would give a total loss of fifteen.

The News to California.

FORT KEARNEY, Nov. 8. An extra of the Pony Express left here for Carson Valley, at 1 P. M. to-day, carrying election news, and a considerable number of private telegrams.

Both rider and horse were tastefully decorated with ribbons, etc., and departed amid the cheering of a large and enthusiastic gathering.

This return is expected to be quicker than any ever yet made between here and the outer station of the California telegraph lines.

The ponies leaving St. Joseph, Thursday, 8th, and Sunday morning, 11th, are also to make double quick time, calling here for latest telegraphic dates.

CHANGE OF TUNE.—The Democrat which before the election beat the disunion gong very lustily, now pipes a different tune. I see no "present danger" to southern interests, and is willing that the south shall "abide by her own policy" in defeating Douglas. If the Democrat had thought of these things before, it could have saved itself a very foolish display of bombast and an impotent attempt to frighten its readers. Its veneration for the "chivalry" has suffered a large percentage of loss.

Jas. Connor, district attorney, has resigned. Messrs. Calcock, collector, and Jacobs, deputy collector, have notified the President of their resignation.

SAVANNAH, Ga., Nov. 8.

The mass meeting by the citizens to-night was the largest ever held here. Capt. Jno. W. Anderson was chosen president, and Chas. H. Way secretary. The following resolutions were moved by Capt. N. S. Barlow, seconded by Col. Henry R. Jackson, and supported in an eloquent and patriotic speech by Hon. W. Law, Bell elector of the state at large, and were adopted unanimously with great enthusiasm. We the citizens of the county of Chatham, ignoring all party names and issues, cordially unite in the following resolutions:

1st. Resolved, That the election of Lincoln and Hamlin to the presidency and vice presidency of the United States, ought not and will not be subverted.

2d. Resolved, That we request the legislature to announce this opinion by resignation at the next practical moment. To communicate to our senators and representatives in congress, and co-operate with the Gov. in calling a convention of the people to determine the mode and measure of redress.

3rd. Resolved, That we respectfully commend the legislature to take into immediate consideration the passage of such laws as will be likely to alleviate any unusual embarrassments of the commercial interests of the state, consequent upon the present political emergency.

4th. Resolved, That we respectfully suggest to the legislature to take immediate steps to organize and arm the forces of the state.

5th. Resolved, That copies of the foregoing resolutions be sent without delay to our legislature and representatives in the general assembly of the state, who are hereby requested to lay them before the houses of which they are respectively members.

The colonial flag of Georgia was raised this p. m., on Green's monument, Gibson's square, in the presence of an immense multitude, addressed made and great excitement prevailed. Capt. Barlow, Col. Jackson, Mayor Johnson and others, are now addressing immense crowds of citizens in Johnson square.

RUPTURE CURED
BY THE

Hard Rubber Rig's Trusses.

THIS Truss has been in use in the City of New York for only a little over a year, and has already obtained a demand unprecedented. The best physicians in New York City have used it, unhesitatingly recommending it, and pronounce it

"The only Philosophical Truss in Use."
The construction of the pad is such that it cannot do injury, either by pressure of the spring, or by obstructing the circulation by over-tightening, and enlarging the openings. Does not constantly press in the rupture and thereby give call for a truss for life, but holds the rupture up, but presses in four places, bringing the parts together, giving nature a chance to cure, which it does in nearly all cases. It is simple and easy to use, and it may be readily understood, therefore for the interested examine it and judge for themselves. This truss can be used in bathing, it is always clean, very light, and cannot be soiled or worn out.

The undersigned has applied this instrument in the office of the inventor during the past year, knows, practically how it should be adjusted and worn, and can give valuable hints and directions to patients. He has now opened a branch office at 194 1/2 street, Chicago, for Western Traders will be at the American House in this city, this week, to show and supply all who may wish to see or procure it.

THE HANDICAP IN ITS OLD BUSINESS AGAIN.

To make a charge against a man and then ask him to prove himself innocent belongs to a new code, with which, no one but the author of those articles knows anything about. The charge that Mr. Graham had liquor for electioneering purposes was made by the Democrat and denounced by the Gazette. The question of veracity went up on appeal to the people, the court of last resort. An intelligent, generous and confident constituency have vindicated Mr. Graham by awarding him the largest majority ever given to any candidate in this city for the place he now holds.

THE HANDICAP IN ITS OLD BUSINESS AGAIN.

Our telegraphic reports from the south are full of the great things that the "chivalry" threaten to do. We think Capt. McLean will have to call out the Wide Awakes, and see to these fellows.

OUR CELEBRATION IN THE COUNTRY.

A friend, who lives six and a half miles from the city, says he heard the republican cheering here last night, and saw the bonfire. Another, ten miles north of us, saw the illumination of the bonfire. The gans were heard and the illumination was seen in Footville. We are inclined to think we must have made some noise, and that there was some light round about Janesville, last night.

TAXES! TAXES!

Pay your taxes, those who have not done so, and save the embarrassed the disagreeable duty of collecting the same by legal process.

MR. WATKINS.

The Milwaukee News claims 1869 majority for Douglas in Milwaukee city and county, and 1869 for Arnold.

THANKSGIVING PROCLAMATIONS.

The proclamation of Gov. Banks, of Massachusetts, is fresh and original, and will bear reading:

"For the favored position which separates our beloved country from the political complications that torture other nations, and secures to us well regulated liberty and universal peace;

"For the preservation of the states united;

"For the public health and prosperity;

"For the rich harvest of the year;

"For the privileges of general education;

"For the capacity and hope of future improvement;

"And the never failing consolation of Christian faith;

Let us remember, in every act of thanksgiving for our inappreciable privileges, the opportunities that are offered;

"For the relief of those in want;

"The succor of the oppressed;

"The consolation of the afflicted;

"The comfort of the imprisoned;

"The encouragement of such as are cast down;

"And the recognition of all men of whatever caste, condition or clime, as children of a common Father, and subjects of one universal and incomprehensible destiny."

BOB ROBERT AT A BANK.

In Philadelphia on Thursday, a boy went to the Bank of North America to make a deposit. The deposit consisted of a check for \$1,000 on the Union Bank, \$320 in notes of the denomination of \$20, \$10, \$5, and \$125 in specie. The boy proceeded to the bank, handed the specie over to the teller to be counted, and laid the book containing the check and the note down on the counter, just at his left hand, while he prepared a "ticket" to hand in with the deposit. While engaged in writing the ticket an individual came close up to him and asked if he knew where the Commonwealth Bank was, at the same instant (as is supposed) slipping the notes and the check out of the book. When the boy turned with the ticket in his hand, the book lay there he had placed it, but the check for \$1,000 and the \$320 in notes were gone! So, too, was the individual who had accosted him. The \$125 in specie was safe, having been counted by the teller of the bank.

A NEW SENSATION.

We have had Blondin, the Japanese and the Prince of Wales for sensation telegraphic dispatches and newspaper paragraphs, during the past six months, until we were thoroughly bored by them. We have wondered for some time, what new sensation would come up to take their places. We have it at last—it is the vapors of the chivalrous Quilts of the south threatening to dissolve the Union.

Phenix Insurance Co. of Hartford.

We take pleasure in directing the attention of property-holders to the statement of the Phenix Insurance Company, published in another column. This we consider one of the most reliable Insurance Companies in the country; and we think no one need have the least hesitancy in effecting an insurance in it. Their exhibit shows conclusively of its reliability. No one owning property should go without an insurance, and to such we recommend them to call on the agent and at once effect an insurance.—Home Journal, Ind.

Continental Insurance Company.

This prosperous corporation, in order to meet its present and growing wants, has just completed the purchase of the desirable property known as No. 102 Broadway and No. 1 Pine Street. Possession will be given on or before the 1st of May next, when we learn a new and beautiful structure will at once be erected, suited to the requirements of the Company. No institution of a similar character in the nation, all things considered, can boast of such an unparalleled prosperity as can this. Commencing with a cash capital of half a million of dollars, it has steadily and rapidly grown, until its available assets now amount to about one million. The officers and directors are known all over the country as among the leading influential business men and capitalists of this city. No better, safer, or stronger Insurance Company exists than the Continental. May it live and grow a thousand years, and continue to pay fair dividends.—New York Independent.

To the Public.

"Now is the accepted time"—to-morrow may be too late—delays are dangerous.—Have you got a store of goods? Have you a dwelling house? Have you any insurable property? Go at once to Dimock's Agency and have it insured. Do not let the melancholy words "he had no insurance" prove applicable to your case in event of a sweeping fire.

NOTHING LIKE IT TO RESTORE A DOUBTFUL CREDIT.

It is greatly to the credit of any owner or occupant of a building to have placed conspicuously over his door, any of the following leading companies' house plates. The Home of New York. The Phenix of Hartford. The Continental of New York. The Security of New York. The Merchants of Hartford, or the Northern of London, England. Is your credit at the Banks getting below par, up with one of these plates and you are all right at the Rock County, the Central or at Hoyt's. Every passer-by will say "there is a sound business man." Tell your New York creditors that you insure your lake freights in the reliable Old Home, and your goods after their arrival in any of these incomparable companies and your orders will at all times be filled, and at the lowest figures. A few more of these ornamental plates left at Dimock's Agency.

I desire to call the attention of the citizens of Janesville and Rock county, more in detail to these well known, reliable and prompt paying
